62 H N F 73 PL 9 K. Arrange the letters in forward alphabetical order followed by the numbers in descending

## 62 H N F 73 PL 9 K.

Arrange the letters in forward alphabetical order followed by the numbers in descending order
A. F H K L N P 97632
B. P N L K H F 97632
C. PNLKHF23679
D. F H K L N P 23679

Show Answer...
Correct Answer: A (F H K L N P 9763 2)

## Explanation:

To arrange the letters and numbers in the given sequence, we first arrange the letters in forward alphabetical order: F H K L N P.
Next, we arrange the numbers in descending order: 97632.
Combining the arranged letters and numbers, we get: FHKLNP97632.

Therefore, the correct arrangement is A (F H K L N P 9763 2).
