

Cuba is an island located in:

Cuba is an island located in:

- A. Pacific Ocean
- B. Indian Ocean
- C. Atlantic Ocean
- D. Caribbean Sea

Show Answer...

Correct Answer: D (Caribbean Sea)

Explanation:

Cuba is an island country located in the northern Caribbean Sea. It is the largest island in the Caribbean and is located about 90 miles (145 km) south of Florida. The country of Cuba also includes a few other smaller islands in the region. The Pacific Ocean is on the opposite side of the American continent, while the Indian Ocean is located between Africa and Asia. The Atlantic Ocean surrounds North and South America, Europe, and Africa.
