

“Success is not final, failure is not fatal: It is the courage to continue that counts.” Said by whom?

**“Success is not final, failure is not fatal: It is the courage to continue that counts.” Said by whom?**

- A. Winston Churchill
- B. Abraham Lincoln
- C. Albert Einstein
- D. Mahatma Gandhi

Show Answer...

**Correct Answer: A. Winston Churchill**

**“Success is not final, failure is not fatal: It is the courage to continue that counts.” by Winston Churchill**

Note: This quote is attributed to Winston Churchill. “Success is not final, failure is not fatal: It is the courage to continue that counts.” Said by Winston Churchill.

The quote “Success is not final, failure is not fatal: It is the courage to continue that counts” is often attributed to Sir Winston Churchill, a British politician and statesman who served as the Prime Minister of the United Kingdom during World War II.

The quote suggests that success and failure are not the ultimate determinants of a person’s worth or potential. Instead, it is the ability to keep going, to continue working towards one’s goals despite setbacks, that truly matters. This idea is often referred to as “grit” or perseverance.

One practical example of this could be an entrepreneur who has a string of failed business ventures but continues to learn from each failure and eventually starts a successful company. Another example could be an athlete who suffers a

“Success is not final, failure is not fatal: It is the courage to continue that counts.” Said by whom?

devastating loss or injury, but uses that experience to train harder and come back stronger. In both cases, the individual’s ability to keep going, to continue striving for success despite failure, is what ultimately leads to their success.

Another example could be a student who is not doing well in a particular subject but instead of giving up, they seek help and work hard to overcome their difficulties and end up acing the subject. This quote serves as a reminder that failure is not the end, and that it is important to have the courage to keep going and to not give up in the face of adversity.

In short, the quote “Success is not final, failure is not fatal: It is the courage to continue that counts” highlights the importance of perseverance and determination in the face of failure. It reminds us that success is not a one-time event, but rather a journey that requires ongoing effort and resilience. The quote is often attributed to Winston Churchill, who used it to inspire and encourage others during difficult times. Practical examples of this quote can be seen in the stories of successful people like Thomas Edison, who famously failed thousands of times before inventing the light bulb, and J.K. Rowling, who faced rejection from multiple publishers before the Harry Potter series became a global phenomenon. These examples demonstrate that the key to success is not avoiding failure, but rather having the courage to keep going in the face of it.
