

The green supernova is still _____ cosmetologist , as it
has never been seen clearly , making it impossible to study
its nature .

**The green supernova is still
_____ cosmetologist , as it has
never been seen clearly , making it
impossible to study its nature .**

A. Admiring for

B. Enigmatic to

C. Dangerous to

D. Famous among

Option B : this sentence has a cause and effect relationship as indicated by the word “

as “ If the green supernova “ has never been seen clearly “ once could logically conclude

that it would be “ enigmatic “
