

The value of 5% of 20 is ____?

The value of 5% of 20 is ____?

- A. 0.1
- B. 1.0
- C. 2.0
- D. 4.0

Show Answer...

Correct Answer: B. 1.0

5% of 20

To calculate 5% of a number, you multiply that number by 0.05. In this case, you would multiply 20 by 0.05 to find that 5% of 20 is 1.

Another way to express this mathematically:

$$5\% = 0.05$$

$$20 \times 0.05 = 1$$

This is because any percentage (such as 5%) can be expressed as a decimal by moving the decimal two places to the left (in this case, from 5 to 0.05), and multiplying by this decimal will give you the percentage of the number.
