

What does the idiom “Break the ice” mean?

- A. To cause trouble
- B. To break a physical object
- C. To make the first move
- D. To hurry up

Show Answer...

Correct Answer: C (To make the first move in a social situation)

Explanation:

The idiom “Break the ice” is often used to describe the act of making the first move in a social situation in order to make others feel more comfortable and at ease. It is usually used to describe situations where people are meeting for the first time or where there may be some initial awkwardness or tension.

For example, if you are at a party where you don’t know anyone, you might “break the ice” by introducing yourself to someone or by starting a conversation with someone about a topic you both have in common. By doing so, you are helping to create a more relaxed and comfortable atmosphere for everyone involved.

The other options are not correct. “To cause trouble” is not related to the idiom “Break the ice”. “To break a physical object” is a literal meaning of the words “break the ice” and not the idiomatic meaning. “To hurry up” is also not related to the idiom.

Usage:

The idiom “Break the ice” is commonly used in social situations and is often used in the context of networking events, social gatherings, and first dates. It can also be used in other situations where there may be some initial awkwardness or tension, such as in a job interview or a first meeting with a new client.

What does the idiom “Break the ice” mean?

Conclusion:

The idiom “Break the ice” means to make the first move in a social situation in order to make others feel more comfortable and at ease. It is commonly used in social situations and can be used in a variety of contexts where there may be some initial awkwardness or tension.
