Show Answer...

**Correct Answer: A (To daydream or be lost in thought)**

## Explanation:

The idiom “wool gathering” means to daydream or be lost in thought, often to the point of being distracted or unproductive. The phrase originates from the old practice of gathering scraps of wool that would get caught on bushes or fences as sheep passed by. This was a mindless and unproductive task, much like daydreaming or being lost in thought.

For example, “I can’t seem to focus today, my mind keeps wool gathering,” or “Stop wool gathering and pay attention to what I’m saying.”

The phrase “wool gathering” is often used in a negative sense, implying that the person is not being productive or efficient. However, it can also be used more positively to describe the creative process, where daydreaming and allowing one’s thoughts to wander can lead to new ideas and inspiration.

## Conclusion

In conclusion, the idiom “wool gathering” means to daydream or be lost in thought. It can be used to describe unproductive distraction, as well as the creative process of generating new ideas. Understanding common idioms like this can help improve one’s communication skills and ability to understand and express complex ideas.
