- D. A type of Indian spice

Show Answer...

**Correct Answer: A (A type of Chinese musical instrument)**

## Explanation:

The word “gong” refers to a type of musical instrument that originated in China. It is a large, flat, circular metal disc with a raised center and a turned-up rim, and it produces a loud, resonant sound when struck with a mallet or other percussion instrument.

Gongs have been used in traditional Chinese music for centuries, and they are also commonly used in orchestral music and other types of music from around the world. In addition to its musical uses, the gong is also used in some cultures for ceremonial and spiritual purposes.

The gong is often made of bronze or brass and can vary in size from a few inches to several feet in diameter. The instrument is typically suspended from a frame or stand, and the player strikes it with a mallet to produce the desired sound.

In summary, the word “gong” refers to a type of Chinese musical instrument that is a large, flat, circular metal disc that produces a loud, resonant sound when struck with a mallet or other percussion instrument.
