

What is Next in Series? 4, 7, 12, 19, 28,?

What is Next in Series? 4, 7, 12, 19, 28, ____.

30

36

39

49

Show Answer...

Correct Answer: C. 39

What is Next in the Series? 4, 7, 12, 19, 28, ____.

A. 30

B. 36

C. 39

D. 49

The series progresses by adding consecutive odd numbers to the previous number:

$$4 + 3 = 7$$

$$7 + 5 = 12$$

$$12 + 7 = 19$$

$$19 + 9 = 28$$

Following this pattern, the next number in the series should be obtained by adding 11 to the previous number:

$$28 + 11 = 39$$

So, the correct answer is option C. 39.
