

What is the Antonym of “LEDGE”?

- A. Pit
- B. Cliff
- C. Valley
- D. Basin

Show Answer...

Correct Answer: C (Valley)

Explanation:

The word “ledge” refers to a narrow horizontal shelf or projection that sticks out from a vertical surface, such as a rock face or a building. The antonym of “ledge” is a word that means the opposite or contrary, and in this case, it is a word that refers to a low area between hills or mountains. The word “valley” is the antonym of “ledge” because it means a low area of land between hills or mountains, often with a river running through it. The other options - pit, cliff, and basin - are not antonyms of “ledge” as they do not refer to the opposite or contrary of the word.
