

What is the currency of Armenia?

What is the currency of Armenia?

- A. Dinar
- B. Lira
- C. Dram
- D. Peso

Show Answer...

Correct Answer: C (Dram)

Explanation:

The official currency of Armenia is the Armenian dram (AMD), which is subdivided into 100 luma. The Central Bank of Armenia issues banknotes in denominations of 1000, 2000, 5000, 10,000, 20,000, and 50,000 drams. The dram has been the currency of Armenia since 1993, when it replaced the Soviet ruble.
