

What is the other name for the voice box?

- A. Pharynx
- B. Larynx
- C. Windpipe
- D. None of the above

Show Answer...

Correct Answer: B (Larynx)

Explanation:

The voice box is also known as the larynx. It is located in the neck and contains the vocal cords, which vibrate as air passes through them to produce sound. The pharynx is the part of the throat that is located behind the mouth and nasal cavity, while the windpipe, or trachea, is the tube that connects the larynx to the bronchi of the lungs. Therefore, the correct answer is option B, Larynx.
