Show Answer…
Correct Answer: C (DigitALL: Innovation and technology for gender equality)

## Theme 2023: DigitALL: Innovation and technology for gender equality

Explanation:

The theme for 2023 promoting innovation and technology for gender equality is "DigitALL: Innovation and technology for gender equality."

This theme highlights the importance of leveraging digital innovation and technology to advance gender equality and empower women in various spheres of life. It emphasizes the need for equal access to technology, digital skills, and opportunities for women and girls.

Option A, "Digital Divide: Bridging the gap for inclusive growth," refers to the broader challenge of reducing the digital divide and ensuring equal access to digital resources and opportunities for all, including marginalized groups. While this is an important issue, it is not specifically focused on gender equality.

Option B, "Sustainable Development: Building a better future," pertains to the broader goal of achieving sustainable development across economic, social, and environmental dimensions. While gender equality is an integral part of

sustainable development, this option does not specifically emphasize innovation and technology for gender equality.

Option D, "Empowering Communities: Enhancing social impact," highlights the broader objective of empowering communities and enhancing social impact. While this is a relevant goal, it does not specifically address the role of innovation and technology in advancing gender equality.

Therefore, the correct answer is C, "DigitALL: Innovation and technology for gender equality," as it directly aligns with the theme for 2023, focusing on leveraging innovation and technology to promote gender equality and empower women.
