Correct Answer: C (28th)

Explanation:

Woodrow Wilson was the 28th President of the United States, serving from 1913 to 1921. He is known for many accomplishments during his presidency, including the establishment of the Federal Reserve System, the passage of the 19th Amendment which granted women the right to vote, and leading the United States through World War I.

Thomas Woodrow Wilson was an American politician and academic who served as the 28th president of the United States from 1913 to 1921. A member of the Democratic Party, Wilson served as the president of Princeton University and as the governor of New Jersey before winning the 1912 presidential election. The options for the MCQ, however, were not accurate. Woodrow Wilson was the 28th President of the United States, not the 24th, 25th, or 27th.
